# **FIFTEENTH**

# Annual Report of the Auditor

OF THE

# CITY OF LINCOLN

**NEBRASKA** 

FOR THE YEAR ENDING AUGUST 31, 1918

Lincoln, Nebraska, March 1, 1919.

To the Honorable City Council, City of Lincoln, Nebraska.

Gentlemen:

I am submitting herewith the Fifteenth Annual Report of the Auditor of the City of Lincoln, being for the fiscal year ending August 31, 1918.

The financial report covers the fiscal year, as nearly as possible, while the reports of the operations of the different departments, in some cases cover the fiscal year, and in others, the calendar year.

Attention is again called to the difficulty of properly preparing a report which correctly reflects the activities of all of the departments of the city under our existing ordinances and charter provisions. For instance, the fiscal year begins on the first Monday in September. the Municipal year on the Monday following the first Tuesday in May, and our license year on the 1st day of June. For that reason, I again submit for your consideration a proposition to amend the ordinances and our charter so that we will not have so many different years within one calendar year.

As has been the custom for the past few years, the Water and Light departments, are publishing a separate report and thesefore no mention is made in this report of their activities during the past year.

Respectfully submitted,

THEO. H. BERG, City Clerk and Auditor.

# PART ONE

# GENERAL INFORMATION

#### OFFICIALS OF THE CITY OF LINCOLN, NEBRASKA

#### January 1, 1919

The City of Lincoln, Nebraska, now is and since May 13, 1913, has been, operating under the Commission Form of government. Under this form of government, the city is divided into five departments, and five councilmen are elected. The five councilmen constitute the city council. The council organizes by electing one of its members as president of the council, who is a'so Mayor of the city. Each councilman is assigned to one of the departments, is called the superintendent thereof, and is responsible for its proper operation.

All other city officials, except Police Judge, are appointed by the council. The office of Police Judge is fixed by the constitution of the state, and this officer is elected at county and state elections.

City elections are held on the first Tuesday in May of each odd numbered year. The terms of office of councilmen are two years, beginning the first Monday following the election.

The departments of the City of Lincoln are assigned as follows:

#### DEPARTMENT OF PUBLIC AFFAIRS

JOHN E. MILLER, Mayor Superintendent

#### City Attorney's Office

R. W. DEVOE, Attorney CHAS R. WILKE, Deputy

#### Police Department

PETER JOHNSTONE, Acting Chief of Police

#### Park Department

P. EDINBOROUGH, Assistant Superintendent of Parks

Capital Beach
Epworth Lake Park
Home of William J. Bryan
Caves south of City
State University Campus and
Athletic Field

street has been widened seventeen feet and curbed, thereby doing away with a dangerous curve. Four iron lamp posts were placed on the A street bridge giving a much better appearance and more light.

The pavillion in Auld Annex has been completed including wiring and lighting fixtures and the finishing of two rest rooms in the basement. The grading around the outside of the pavillion has been finished, seeded with grass and planted to trees. The creek north of the pavillion has been much improved by building an addition of about 200 feet of rip rap wall.

The Sumner street entrance has been leveled and graded and a change made in the planting plan to fit present conditions.

The improvements on O street have included grading, seeding, planting to trees and shrubs and the removal of old cottonwood trees. Between O and M streets, the improvements including the placing of about 15,000 loads of dirt for filling and the purchase and removal of one house north of N street. A substantial guard wall has been built at the south end of the conduit with rip rap on each side of the creek. The Rice lots were graded and seeded to grass and the planting of trees and shrubs continued. The Rice pumping station has been wrecked and most of the debris removed. The well has been covered with reinforced concrete floor, and it is planned to have all filled to grade and planted in the spring.

A 15-inch drain tile was placed on M street from east park line to the creek channel. At the north end of the conduit at D and Twenty-seventh streets, a wall and guard fence were built.

During the past summer the street trees in the city became badly infested with Tussock moth; the park department purchased two power sprayers and covered all territory affected with excellent results.
